Activities in details

Promotion of SHGs among women

HWT encourages rural women to organize themselves around savings and Self-Help Groups (SHGs) to improve their decision-making power and enable them to create their own development strategies for addressing their socio-economic challenges. The SHGs were organized and started their savings in bank, maintained the accounts. We provided guidance and counseling to ensure the success of the SHGs, strengthening them by continuing to liaison with banks, government departments, community-based organizations, NGOs, and other institutions. HWT conducts many activities to promote women's development. We encourage education among female children, campaign against the negligence of female children, encourage social security schemes, disseminate information to conserve natural resources and provide guidance and counseling to address women's issues.

Awareness programme on COVID 19

Awareness Camps were conducted in the public places where all the people can come attend the camp comfortably. We have been maintained the social distance when we conducting the programme. General Health screening for children done and medication were provided to the children for the minor ailments such as fever, cold, cough, head ache etc. We have distributed the mask to the people and requested them to maintain the social distance and to wear mask whenever going out. We requested the people to go for COVID 19 test when they have symptoms of prolong fever, cold, cough ... The doctor advised the diabetic patients to have a healthy lifestyle and to have proper medication and follow strict diet. We have also conducted COVID 19 awareness programme on virtually with women among SHGs in the community.

Education programme

HWT was supported by Volunteers in village in order to promote interest of learning among the village children, also to avoid school dropouts. We have given free education material and organized free tuition Centre for the poor and needy children, irrespective of economic status, all children were participated in the programme. We also encourage sports and cultural programme in the Centre. The contribution was expended to procure some teaching and learning materials, capacity building of the teachers and enhanced salary to one teacher, procurement of sports materials etc.

Life skill Education Training:

Virtual Life skill education training was conducted school children, 50 students were attended this training. The life skill education training has covered the 10 core life skills, which are broadly divided into the three general categories social skills, thinking skills and emotional skills. Social Self-awareness, Effective communication, Interpersonal relationship and Empathy. Thinking Creative thinking, Critical thinking, Decision making and problem solving, Emotional Skills Coping with stress and coping with Emotions. This life skill training helped them to deal with emotions such as anger and depression during difficult times.

Adolescent Training Programme

Adolescence is the most important phase of one's life, which shapes the further life span. HWT organized two virtual training camps on life skills targeting adolescents of both sexes. We have taken session on career guidance and life skill training for the adolescent. Create awareness among girl children how they protect from sexual abuse and what will be precaution they have to take.

Spoken English course

We have taken efforts to improve the English fluency of the children in the village. Virtual training was organized during the Pandemic period. The volunteers has taken alternative turn in training the students based on the lessons learnt during the spoken English course. Course included Hand writing, writing new sentence, Reading new paper and delivering the news in the class, Reading, conversation practices.

Carrier guidance Programme

We have conducted carrier guidance class for 12th standard children at the beginning of May 2020. An input on what to do after +2, which are the best courses as of now, job opportunities of various courses, scholarship facilities etc. are discussed in the training. Children were enlightened to choose a career which will suit to their bright future. They were also advised to choose a career that matches their interest, skills and values, significantly increases the chances for success and personal happiness.

Free aid to the poor and needy people

We have distributed food and medical items to the poor and needy people during the pandemic period. Many people have lost their life and suffered for the daily meals. HWT have identified the deprived family and given food material for their survival. Many help minded people have also supported us to help these needy people.

Sanitation Awareness program

We have given the awareness on importance of sanitation with the help of the School teachers and external resource person. Virtual meeting was conducted for school going children to maintain health and sanitation during this pandemic period. We have insisted he children to follow in social distance and to wear mask.

Observation of national & International Important days

HWT celebrated and observed the national and international important days in order to create awareness on the important days. We conduct different cultural programme like quiz, drawing competition by virtually and given prizes for the children. Though it was a pandemic period, it's our regular celebration and have conducted both personally and virtually to observe these days. , The following important days were observed by HWT
